JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 17 March 1964

25X1 1. [] The Director mentioned he had seen Representative Arends who had indicated he had wanted to strengthen the speech concerning the Agency. Following the Director's request, I talked with Mr. Arends asking if we could have a copy of the current draft on this. This was picked up later from Mr. Arends' office. Mr. Arends added he thought the speech was fine but he wanted to hit Lindsay's position a bit harder. Arends added he has already informed Lindsay he plans to do this. I indicated to Mr. Arends that I would get this to the Director and we would be in touch with him. (This speech was forwarded to the Director and Mr. Elder indicated that the Director was going to ask Mr. Kirkpatrick to work on this.)

25X1 2. [] A Mr. Lamminan called and stated that he represented a client (name undisclosed) who was interested in opening a motel, restaurant, and perhaps a high-class bottle club in the McLean area, probably on Dolley Madison Highway. Mr. Lamminan said he knew the Agency had good reason for not providing information to the public, but wondered if we could give him any idea as to the number of persons from outside the Washington area having business with the Agency who might visit us here. He specifically mentioned personnel applicants also. I explained to Lamminan that unfortunately I was not in a position to provide him with any information of this sort and pointed out that the majority of our personnel contacts took place in Washington. Lamminan was most cordial and understanding and said he understood our position. I told him that I would talk further with some of the folks here and if anything should develop that would be of interest to him we would contact him. He can be reached at National 8-5284.

25X1 3. [] In accordance with the Joint Committee on Atomic Energy's "24-hour rule", 17 copies of the Director's prepared statement for delivery to the Committee tomorrow were forwarded to the Committee Staff. All but one of these copies will be returned following the Director's briefing tomorrow afternoon.
